STRONG POINT FOR ADAMS

Court Refuses to Allow State to Introduce Any New Evidence.

DISCREPANCY AS TO DATE OF MURDER

Mistake of Witness as to Time of Hearing Shots Would Discredit Alibi if Correction Had Been Admitted.

WALLACE Idaho, Feb. 2.—The sharp-shoot light that has yet occurred in the trial of Steve Adams, for the murder of Fred Tyler, ended today in a notable victory for the defense when Judge Wood announced that he would overrule the petition of the state for permission to recall Mrs. Arthur Phillips and then reopen the case for prosecution. The testimony to be given by Mrs. Phillips was regarded as vital for the case of the state.

It has been discovered that the date on which Mrs. Phillips heard the shots that killed Tyler was Sunday, August 7, not Wednesday, August 10, as assumed all along by the state. The defense, it is conceded, has been able to establish a strong alibi for Adams on Wednesday, August 10, but has left unguarded the morning of August 7, on which date Mrs. Phillips now claims the shooting occurred.

The state's new theory is that it would have been easy for Adams after the shooting early in the morning to travel to Mason's cabin in time to take part in the birthday dinner at which his presence is so well attested. All this new evidence the defense is now able to exclude.

While it is believed here that this startling change in the aspect of the trial renders Adams' conviction of the murder of Tyler difficult, it is not believed he has any chance of regaining his liberty at the present time. He is wanted by the state as one of its most important witnesses in the approaching trial of Meyer, Haywood and Pettibone, officers of the Western Federation of Miners for the assassination of former Governor Steunenberg.

At least three courses are open to the state—it can hold Adams for trial for the murder of Boyle, which crime he confessed to Detective McParland; can hold him for complicity in the Steunenberg murder, also mentioned in his confession, or may send him to Colorado to be tried for taking part in blowing up the depot at Independence, where several non-union miners were killed.

The principal witnesses for the state in rebuttal today were W. B. Chandler and Miss Mamie Sherr of Spokane, who testified to having met Jack Simpkins in the St. Joe country August 24, 1904. Chandler identified a photograph of Simpkins and gave a description of the appearance of the man. The case probably will go to the jury next Tuesday or Wednesday.

The last witness for the state in rebuttal was George H. Root of Wallace. He testified to meeting Simpkins and Adams at a meeting of settlers in the Marble Creek country about August 1, 1904, when the matter of claim jumping was discussed. The defense announced that it had no further witnesses.

Argument began this afternoon.

MURDER CASE NEAR CLOSE

Evidence in Rebuttal Being Offered in Trial of Virginian Brothers.

CULPEPPER, Va., March 1.—Commonwealth's Attorney J. A. C. Keith today began the presentation of his evidence in rebuttal in his attempt to shatter the plea of justification advanced by the defense for James A. and Philip Strother, on trial here for the murder of William Bywaters, their brother-in-law.

The commonwealth's attorney has advised the court that the state expects to complete its rebuttal in one day.

Although the names of the witnesses for the rebuttal have not been announced, according to Captain Micajah Wood, associated in the prosecution, they will be called mainly to show that when Bywaters married Viola Strother he made full reparation for the wrong he is alleged by the defense to have done her and that the shooting was therefore not justified.

Dr. Charles H. Clark of St. Elizabeth's government asylum for the insane in Washington was the first witness called today. He testified he had had fourteen years' experience in the practice of medicine, chiefly confined to cases of mental disorder.

Mr. Moore of the defense submitted a lengthy hypothetical question, reciting the facts of the pending case as claimed by the defense and concluding by asking the witness how he would characterize the act of homicide committed under such circumstances.

Before witness could reply Mr. Keith objected, on the ground that the question did not recite all the facts and especially that the defendants were armed and had intended to do, under certain conditions, that which they did do.

The jury was withdrawn in order that the court might hear arguments on the admissibility of the question. The effort of the defense to establish emotional insanity as a plea evidently did not surprise the prosecution.

COURTNEY WINS FROM WILLIAMS. Topeka Man Starts Out Well, but is Weak at Finish.

Ed Courtney of Omaha was given the decision by Referee Loch over Ed Williams of Topeka in a ten-round go at Courtney's ball Friday night before a crowd of 400 men. The bout was nip and tuck all the way through, with first one having the better of it and then the other, but Courtney finished the stronger and was given the decision.

There was some wrangling at the outset because Courtney was five pounds overweight and weighed seven pounds more than Williams, but Williams finally consented to go on. He had few backers before the opening, as he looked scared, but after the first round he was the favorite. He had a laymaker punch and was a decided outfighter, while Courtney was best at insighting. The fourth round was all Courtney's, who started a fire on Courtney's nose. In the fifth Courtney rallied and had all the better of it. In the seventh Courtney knocked Williams down, but the Topeka lad was up at the count of three. Williams was down again in the eighth. In the tenth Williams came up strong and worked hard for a decision, but he wore himself out and was only able to hang on at the finish. Referee Loch gave Courtney the decision.

The preliminary was a lively six-round bout between Joe Dachright and Mickey. No decision was given in this. McCarroll of Council Bluffs and Guy Buckles of Omaha will box fifteen rounds at the same place next Friday night.
